THE DURGAN TRAVELER

**2010 VACATION TRAVEL
BY RICHARD F. DURGAN, PRESIDENT**

You need and deserve a vacation! Our tours represent the highest value in the travel industry as our trips are a combination of being much more upscale, more inclusive, and lower priced!

Durgan Travel's business continues to be robust, as we offer the highest value in travel to Europe today! Our all- or mostly-inclusive vacations are what people want, as you take advantage of our buying power and group rates, and pre-pay everything, so that there are few out-of-pocket expenses left.

We're expecting a spectacular 2010! Government reports are now saying that the economy is turning around, and we are coming out of this recession. We're sure the improving economic news will inspire people to want to travel again. Those that didn't travel in 2009 will no doubt have a pent-up desire to travel in 2010, and those that could make it in 2009 will no doubt want to travel again.

If you aren't receiving our weekly email specials, please email us at info@durgantravel.com, and we will add you to our list.

Our "signature tour" is a 7- or 8-night regional vacation to a particular country with all or most meals, and comprehensive daily sightseeing included. As an example, if you travel with us for 7-nights to either **Taormina, Sicily; Sorrento, Italy, or Tuscany**, you will stay at a first-class hotel, have every meal included, and have **comprehensive daily sightseeing** included with all admissions, and have your tour conducted by an **expert bilingual guide**.

Most European tours in the marketplace include few meals and large Amounts of free time, with optional tours sold on the spot by the tour escort at very high rates. *With a Durgan Travel all-inclusive tour, the only expenses you'd have would be tipping, snacks, beverages, and souvenirs!*

Visit <http://www.durgantravel.com> for a list of our tour dates and rates. From there, you can click the trip name and link to the itinerary/reservation form. Because we create our own tours, and buy direct, and because of our volume, we have created tours with the very best value and lowest cost possible.

The following is a chronological list of the tours, dates, and rates for our schedule of tours for 2010. You will notice that our tours are mostly scheduled for late winter, spring and fall staying away from the peak season rates, crowds, and heat of summer travel to Europe.

Our remaining 2010 offerings follow. There may be more 2010 trips coming. Remember, each of our Europe tours includes a full-time expert bilingual guide who accompanies the group throughout, with local step-on-guides as required by provincial law, and include all entrance fees on sightseeing mentioned.

We are also a **custom group tour operator**. We work with retiree, social, ethnic, religious, and employee groups on travel promotions, as well as companies on business meetings, conventions, and sales incentives programs. We've won awards for tourism to **Europe**, and Europe is definitely our most popular destination. We have contracts with several major airlines in order to acquire the very best airfares, and due to our **expertise and buying power**, can create the **best tours** at the **best rates**.

For our group customers, we have a full selection of tours to choose from, but we can also customize a trip to a group's exact specifications. If you are associated with a traveling group, or would like to put together a group promotion for family, friends, and/or associates, please be in touch with our group department. *We'd be happy to help you create a successful group promotion!*

Durgan Travel represents all major cruise lines. We can create a group promotion for as few as 10 people traveling together. For individuals, we can either combine you with one of our groups on a cruise offering you the group rates, or we can take advantage of the deals the cruise lines send us!

We thank you for your interest in our tours, and for referring others to our "best value" vacation packages.

Our mission is "to create and provide the most enjoyable and memorable travel experience for our clients. We ensure outstanding service, value, quality, product and price." We encourage you to comparison shop, as we're confident we have the highest value tours at the lowest price with the best service for you. Be sure to compare "apples to apples," as they say, as our trips tend to have more inclusions and less hidden costs than many others.

Contact us today! Arrangements can easily be done over the phone and through the mail if you can't visit us in our Stoneham office. Again, we look forward to the opportunity to be of service to you and your friends and traveling companions!
