

Egypt INFORMATION SHEET

Speak of Egypt and visions of crypts, pyramids and the Sphinx come to mind. It is a destination that most people are interested in seeing. Anyone interested in the history of mankind will be fascinated by this country, perched on the northeast corner of Africa.

The following is a general information sheet. It is as accurate as we can make it. However, things sometimes change unexpectedly. Please use this only as a guide.

Expectations

While group tours are one of the most enjoyable ways to travel, they do require a certain degree of flexibility and understanding on every individual's part. We have carefully planned your itinerary and have done our best to provide you with information about what to expect. However, much of what makes travel interesting is the unexpected. Travel with an open mind and you will get the most and best out of your holiday. Please be assured that our mission is to create and provide you with the most enjoyable and memorable travel experience.

Currency

The unit of currency is the Egyptian Pound (EGP). It is available in various denominations. We recommend that you purchase \$50 - \$75 in local currency. Major banks generally have an international division and can make this conversion for you. We recommend that you purchase at least \$100 in local currency. Major banks generally have an international division and can make this conversion for you. When traveling abroad, if you wish to make a small purchase, you may be able to use U.S. dollars for your purchase and receive local currency as change. Most shops and restaurants in the cities and tourist resorts accept major credit cards (MasterCard, Visa and American Express) and offer the best exchange rates, and oftentimes your purchases are more secure this way. **Check with your credit card company for details of merchant acceptability and other services, which may be available.**

Cash is often preferred but should not be carried in large quantities. Money can be changed at banks in all of the **main tourist areas or exchange offices as well as most hotels and railroad stations**. Banking hours are usually 8 am - 2 pm weekdays, and closed on Saturday, Sunday and holidays. **Banks charge commission for any currency exchange and the rates vary from bank to bank and shop to shop.**

ATMs are widely available in major cities and will give you your cash in local currency. For many, this is the most convenient way to get money abroad. Make sure you have a four-digit PIN number for your account.

There are currency exchange kiosks in most major airports, if you are not able to get it converted prior to departure.

Here is a chart of approximate currency conversions:

1 US Dollar	=	4.6 EGP	20 US Dollar	=	92.05 EGP
5 US Dollar	=	23.01 EGP	50 US Dollar	=	230.12 EGP
10 US Dollar	=	46.02 EGP			

Tourists reaching the area without local currency can obtain local currency through any bank or exchange office at airports.

Weather & Clothing

The weather in Egypt is generally hot in summer and dry in winter with cold nights. Listed below are the average 24-hour temperatures for the seasons in the various areas of Egypt. Even though we have noted the usual temperatures, you may experience unusual weather conditions. For that reason, we always suggest that you pack clothes that can be layered. It is also wise to check the newspaper or the weather channel on TV before you pack to verify the most current weather situation.

CITY	SPRING	SUMMER	FALL	WINTER
Luxor	80 - 90	85 - 95	80 - 65	60 - 70
Cairo	80 - 90	85 - 95	80 - 65	60 - 70

It is advisable to bring a lightweight coat or jacket because the temperature drops drastically when the sun goes down. Because Egypt is a Muslim country, conservative dress is the norm, especially for women. Short shorts and bathing suits should not be worn in town. Casual wear is accepted in all but the grandest hotels and restaurants, but most Egyptians will dress smartly when dining out. You may wish to pack one outfit that is a little dressier for a special evening: for gentlemen, a sport coat and tie and a dress or fancy pantsuit for the ladies.

Be sure to bring comfortable soft-soled shoes or sneakers for the days you are sightseeing.

A small packable umbrella and sweaters are always handy to have with you.

When entering religious buildings, avoid shorts or short skirts and sleeveless tops.

Packing Smart

Be sure to pack any prescriptions that you will need for your vacation in your carry-on-bag.

You may wish to bring any special soaps or accessories from home. Foreign hotels do not always have face cloths in the room. It's a good idea to pack your own.

You may wish to pack a pocket calculator (useful in money conversion) and a small multi-language guide with basic phrases.

Wake-up calls will be available from the front desk, but you also might want to bring your own battery-operated alarm clock.

Don't forget your camera and extra film (film tends to be more expensive overseas).

The availability and quality of hairdryers and irons at hotels vary greatly. For that reason, we strongly recommend that you bring your own with you, if you have a need for them.

Due to heightened security at the airports, remember to pack questionable items in your checked luggage, not your carry-on. Such items include knives, scissors, any cutting implements, as well as some sports items (golf clubs, ski poles, bats, etc.). If in doubt, put it in your checked bag. It will save you time going through the security checkpoint.

Enjoying the trip

You will probably fly with an intermediate destination, where you will change planes, but your luggage will be checked all the way to your final destination. Since the airplane is dry, and you will have a long international flight, it helps to drink a lot of non-alcoholic liquids while flying. Alcohol contributes to jetlag, as does eating heavy meals on board. Feet swell at high altitudes, so it is a good idea to remove your shoes while in flight. You will probably want to bring a small book or magazine in your carry-on luggage.

A valid U.S. passport is required. It must be **valid for at least 6 months past the time your tour ends**. If you are a not a U.S. citizen, you may need further identification. Contact National Passport Information at 1 888-362-8668 (toll call) or the Egyptian Consulate for further information. **A Visa is necessary for this tour for U.S. citizens**. Check with the World Health Organization for any vaccinations needed for U.S. citizens. Remember that you are responsible for having all valid documentation needed for this tour.

Electrical Current

The standard current is 220 volts A.C. A transformer may also be necessary and can be purchased in many stores. Sockets generally have two or three round pins. Adapters are needed for U.S. plugs (for hairdryers and travel irons). Please use only hairdryers with 1250 watt setting. The hairdryer may not work when it is set on 1500 and may damage dryer even though you are using an adapter.

Food, Drink & Entertainment

Since water away from home can often be upsetting to the digestive tract, we recommend that you drink bottled water, which is not usually complimentary. This will usually be offered in restaurants. If in doubt, ask the locals. Water supplies marked "non potable" should not be used for drinking or brushing your teeth.

If you have special dietary requests, either let your tour escort or the dining room staff know and they will try to accommodate your needs. If you have a very limited diet, we suggest that you bring what you might need.

Since Egyptian coffee can be stronger than American coffee, you may wish to bring tea bags or instant coffee.

Breakfast at most hotels is a continental buffet, though cereal is not always provided, so you may wish to bring your own.

You will generally dine later than is customary in the United States.

Optional Side Trips

At most destinations, optional side trips to nearby attractions are available. The tour host at your destination can help you arrange these trips during your free time. A few operators on these side trips will not take credit cards. You may want to carry more in traveler's checks if you think that you may be interested in taking these trips. The prices on the excursions vary greatly depending on the length of the tour and the places visited.

Safety and Health Services

We recommend that you leave a copy of your itinerary with friends or family, in case of emergencies.

In order to have a trouble-free holiday as a traveler, you should avoid flaunting jewelry, and wear your handbag securely strapped across your chest. Many stores (as well as Durgan Travel) also sell security wallets that are worn inside your clothing. They are large enough to hold your passport, money, etc., and offer a secure option if you prefer to carry them with you.

You should keep a record of your credit card and Traveler's check numbers separate from your purse or wallet. It is also a good idea to carry a photocopy of the picture page of your passport and leave your passport (remember that you may need to have your passport with you to cash traveler's checks), and any valuables locked in the hotel safe, unless you have a security wallet. Losing your passport can be very expensive and inconvenient. Avoid going off on your own, unless you are familiar with the area. Be alert for suspicious people or circumstances.

Most countries have NO medical program covering U.S. citizens. If you have health issues, be sure to check with your healthcare provider before leaving home to verify what procedures they want you to follow, should the need arise. Should an injury or accident occur, you will be responsible for any costs involved, medical and/or travel related. For this reason, we **strongly urge** you to take out some form of traveler's insurance before your departure.

Accommodations

Hotel rooms in Egypt are most always smaller than those in the United States, and it is not unusual for one room to differ from the next. Hotel rooms in major cities tend to be smaller than hotel rooms throughout the rest of the country – but what you don't get in spacious accommodations is more than compensated by the wealth of attractions surrounding you.

It is the custom for a twin room to be two single beds made up separately and placed side by side. A double room will usually have one double bed. A single room will have one twin-size bed. A triple is generally a twin room with a cot or small bed added. Also, please be aware that single rooms are almost always smaller than twin rooms.

Unfortunately, we can only request room types and locations. Room assignments are made at the discretion of the hotel.

Telephones

To call Egypt from the U.S. dial 011 and the country code (20) followed by the city code and then the phone number. It is very expensive and difficult to call the United States from your hotel room. We suggest that you call only in an emergency.

Transportation & Shopping

Taxis are available from the hotel. Ask the front desk for help in summoning a taxi. Secure a fixed price from the driver before you depart. Public transportation is available in many cities.

The most interesting places to shop in Egypt are the bazaars. Most modern shops open in winter from 9:00 am – 9:00 pm every day except Friday. In the summer the hours remain the same, but shops are closed from 2 – 5 pm.

The best buys in Egypt are spices, copper, and jewelry.

A value-added tax (VAT) is sometimes added to purchases. If the purchase is over a certain amount, you can get it partially refunded. Ask for a form where you purchase the item or at the airport. You must submit the form at the airport before you depart. Your refund will be mailed to you. For more information call 1 800 566-9828.

Time

Egypt is 7 hours ahead of us and practices Daylight Savings Time from the end of March to late September.

Gratuities

Tipping is a way of life and generally expected; we hope the following information will be of assistance. **Gratuities are at your discretion.** While gratuities will depend upon your degree of satisfaction for services received, many of our clients have asked us for general tipping guidelines. **For a good job, we suggest 15 ILS per person per day for your tour director for a full day tour, 7 ILS per person for your tour director for a half day tour, and 7 ILS per person per day for your driver.** For restaurants a 12% tip is customary. Tipping for a taxi cab is not expected.
