

Israel INFORMATION SHEET

Israel is the religious Holy Land to many, having a great emotional and spiritual effect on visitors.

Geographically, the journey will take you from desert to snow-capped mountains. The people of Israel are as diverse as the landscape, coming to this land for many reasons and from many places. Religious shrines, beaches and spas, museums, and cultural diversity are only a few of the country's offerings.

The following is a general information sheet. It is as accurate as we can make it. However, things sometimes change unexpectedly. Please use this only as a guide.

Expectations

While group tours are one of the most enjoyable ways to travel, they do require a certain degree of flexibility and understanding on every individual's part. We have carefully planned your itinerary and have done our best to provide you with information about what to expect. However, much of what makes travel interesting is the unexpected. Travel with an open mind and you will get the most and best out of your holiday. Please be assured that our mission is to create and provide you with the most enjoyable and memorable travel experience.

Currency

The unit of currency is the Shekel (ILS). It is available in various denominations. We recommend that you purchase \$50 - \$75 in local currency. Major banks generally have an international division and can make this conversion for you. When traveling abroad, if you wish to purchase a snack or soft drink, you may be able to use U.S. dollars for your purchase and receive local currency as change. For this reason, we suggest that you also bring with you approximately \$40 in \$1 U.S. bills as well as some \$5 and \$10 bills.

U.S. travelers' checks (preferably \$20 denominations and higher) are the safest way to carry money, but not always the most economical, since **banks charge commission for any currency exchange and the rate varies greatly, and shops and restaurants give less favorable exchange rates.** You also may be required to show your passport to cash traveler checks. Many shops and restaurants in the cities and tourist resorts accept major credit cards (MasterCard, Visa and American Express) and offer the best exchange rates, but credit cards are less easy to use in the countryside. Check with your credit card company for details of merchant acceptability and other services, which may be available. Using a credit card also excludes some purchases from the VAT.

Cash is often preferred but should not be carried in large quantities

ATMs are widely available in major cities and will give you your cash in local currency. For many, this is the most convenient and economical way to get money abroad. Check with your bank to make sure your ATM card is connected to one of the major networks that are accessible by money machines in Israel. These networks include Cirrus and Plus. If you are on one of these networks, you will have access to dollars deposited into your checking account and may withdraw money, in Israeli currency, at any of the many cash machines in Israel.

There are currency exchange kiosks in most major airports, if you are not able to get it converted prior to departure.

Weather & Clothing

The weather in Israel is **generally like most regions on the Mediterranean.** The average 24-hour temperatures for Jerusalem is listed below by season. Jerusalem in winter can be rainy, so bring an umbrella if traveling then. Even though we have noted the usual temperatures, you may experience unusual weather conditions. For that reason, we always suggest that you pack clothes that can be layered. It is also wise to check the newspaper or the weather channel on TV before you pack to verify the most current weather situation.

CITY	SPRING	SUMMER	FALL	WINTER
Jerusalem	48 - 63	80 - 90	55 - 65	50 - 60

It is advisable to bring a mid-weight coat or jacket. Most natives will dress smartly when dining out. You may wish to pack one outfit that is a little dressier for a special evening: for gentlemen, a sport coat and tie and a dress or fancy pantsuit for the ladies.

Be sure to bring comfortable soft-soled shoes or sneakers for the days you are sightseeing.

A small packable umbrella and sweaters are always handy to have with you.

It is important to remember that you may stop at holy places in Israel. Shorts and short skirts are not acceptable. **A head covering may be required in some places.** Please remember to wear long pants or knee-length or longer skirts on those days.

Packing Smart

Be sure to pack any prescriptions that you will need for your vacation in your carry-on-bag.

You may wish to bring any special soaps or accessories from home. Foreign hotels do not always have face cloths in the room. It's a good idea to pack your own.

You may wish to pack a pocket calculator (useful in money conversion) and a small multi-language guide with basic phrases.

Wake-up calls will be available from the front desk, but you also might want to bring your own battery-operated alarm clock.

Don't forget your camera and extra film (film tends to be more expensive overseas).

The availability and quality of hairdryers and irons at hotels vary greatly. For that reason, we strongly recommend that you bring your own with you, if you have a need for them.

Due to heightened security at the airports, remember to pack questionable items in your checked luggage, not your carry-on. Such items include knives, scissors, any cutting implements, as well as some sports items (golf clubs, ski poles, bats, etc.). If in doubt, put it in your checked bag. It will save you time going through the security checkpoint.

Enjoying the trip

Your trip will probably include an intermediate destination, where you will change planes, but your luggage will be checked all the way to your final destination. Since the airplane is dry, and you will have a long international flight, it helps to drink a lot of non-alcoholic liquids while flying. Alcohol contributes to jetlag, as does eating heavy meals on board. Feet swell at high altitudes, so it is a good idea to remove your shoes while in flight. You will probably want to bring a small book or magazine in your carry-on luggage.

A valid U.S. passport is required. It must be valid for a minimum of 6 months past the time your tour ends. If you are a not a U.S. citizen, you may need further identification. Contact National Passport Information at 1 800 688-9889 or the Israeli Consulate for further information. **Check with the Israeli Consulate regarding Visa and vaccination requirements.** Remember that you are responsible for having all valid documentation needed for this tour

Electrical Current

The standard current is 220 volts A.C. A transformer may also be necessary and can be purchased in many stores. Sockets generally have two or three round pins. Adapters are needed for U.S. plugs (for hairdryers and travel irons). Please use only hairdryers with 1250 watt setting. The hairdryer may not work when it is set on 1500 and may damage dryer even though you are using an adapter.

Food, Drink & Entertainment

Since water away from home can often be upsetting to the digestive tract, we recommend that you drink bottled water, which is not usually complimentary. This will usually be offered in restaurants. If in doubt, ask the locals. Water supplies marked "non potable" should not be used for drinking or brushing your teeth.

If you have special dietary requests, either let your tour escort or the dining room staff know and they will try to accommodate your needs. If you have a very limited diet, we suggest that you bring what you might need.

Since the coffee may be stronger than American coffee, you may wish to bring tea bags or instant coffee.

Breakfast at most hotels is a continental buffet, though cereal is not always provided, so you may wish to bring your own.

Dining is generally later than is customary in the United States.

A good variety of wines, beers and liquors is available. Sabra (chocolate and orange) liquor is a favorite.

Optional Side Trips

At most destinations, optional side trips to nearby attractions are available. The tour host at your destination can help you arrange these trips during your free time. A few operators on these side trips will not take credit cards. You may want to carry more in traveler's checks if you think that you may be interested in taking these trips. The prices on the excursions vary greatly depending on the length of the tour and the places visited.

Safety and Health Services

We recommend that you leave a copy of your itinerary with friends or family, in case of emergencies.

In order to have a trouble-free holiday as a traveler, you should avoid flaunting jewelry, and wear your handbag securely strapped across your chest. Many stores (as well as Durgan Travel) also sell security wallets that are worn inside your clothing. They are large enough to hold your passport, money, etc., and offer a secure option if you prefer to carry them with you.

You should keep a record of your credit card and Traveler's check numbers separate from your purse or wallet. It is also a good idea to carry a photocopy of the picture page of your passport and leave your passport (remember that you may need to have your passport with you to cash traveler's checks), and any valuables locked in the hotel safe, unless you have a security wallet. Losing your passport can be very expensive and inconvenient. Avoid going off on your own, unless you are familiar with the area. Be alert for suspicious people or circumstances.

Israel has excellent medical facilities. Tourists may go to all emergency and first aid centers. They are marked with a red Star of David. If you have health issues, be sure to check with your healthcare provider before leaving home to verify what procedures they want you to follow, should the need arise. Should an injury or accident occur, you will be responsible for any costs involved, medical and/or travel related. For this reason, we **strongly urge** you to take out some form of traveler's insurance before your departure.

Accommodations

Hotel rooms abroad are most always smaller than those in the United States, and it is not unusual for one room to differ from the next. Hotel rooms in major cities tend to be smaller than hotel rooms throughout the rest of the country – but what you don't get in spacious accommodations is more than compensated by the wealth of attractions surrounding you.

It is the custom for a twin room to be two single beds made up separately and placed side by side. A double room will usually have one double bed. A single room will have one twin-size bed. A triple is generally a twin room with a cot or small bed added. Also, please be aware that single rooms are almost always smaller than twin rooms.

Unfortunately, we can only request room types and locations. Room assignments are made at the discretion of the hotel.

Telephones

To call Israel from the U.S. dial 011 and the country code (972) followed by the city code and then the phone number. It is very expensive to call the United States from your hotel room. Most telephone directories are in Hebrew, however, tourist versions are available in English. If you are using your own telephone credit card, you can secure the access codes to call the United States from your long distance telephone service provider. To call the U.S. from abroad, once you get a local line, dial your access code, followed by the area code and number. No need to dial 1.

Transportation & Shopping

Taxis are available from the hotel. Ask the front desk for help in summoning a taxi. Secure a fixed price from the driver before you depart. Public transportation is available in many cities.

Bargaining for items is acceptable in some shops, especially in the Arab Markets. Most shops are open from 9:00 am – 7:00 pm, Sunday through Thursday. Some shops close from 1 – 4 pm. Most close at 1:00 pm on Friday. Because of the diversity of religious groups, the shops are on different schedules, with Jewish shops closing at sundown Friday and Arabic shops closed all day on Friday. Sunday is a normal shopping day except for Christian shops. Hotel shops are often opened until midnight.

The best buys in Israel are leather goods, diamonds and precious stones and jewelry.

Time

Israel is 7 hours ahead of us and practices Daylight Savings Time from April through August.

Gratuities

Tipping is a way of life and generally expected; we hope the following information will be of assistance. **Gratuities are at your discretion.** While gratuities will depend upon your degree of satisfaction for services received, many of our clients have asked us for general tipping guidelines. **For a good job, we suggest 15 ILS per person per day for your tour director for a full day tour, 7 ILS per person for your tour director for a half day tour, and 7 ILS per person per day for your driver.** For restaurants a 12% tip is customary. Tipping for a taxi cab is not expected.

Custom Regulations

Luggage may be examined upon entering and leaving countries. U.S. citizens can bring home up to \$400 worth of foreign goods. Each member of the family is entitled to the same exemption and the exemption can be pooled. Included for travelers 21 and older are one liter of alcohol, 100 cigars (non-Cuban) and 200 cigarettes. You cannot bring back fresh fruit, meat, cheeses or plants.

Language & Customs

The official languages are Hebrew and Arabic. English is widely spoken. The expression Shalom (peace) is used for hello and good-bye.
